## CHAPTER 94.

An Act respecting the Floating Debt of the  
Town of Collingwood.*Assented to 6th May, 1913.*

**W**HEREAS the Municipal Corporation of the Town of Collingwood has by petition represented that the said Corporation has incurred a floating debt of about \$17,000 in addition to the ordinary expenses of the said Corporation, which debt has been incurred for the most part in the construction of certain works and improvements of a necessary and permanent character, the particulars whereof are as follows:—\$2,730.12 being the excess of the cost of a fire hall over and above the estimated cost of \$14,000 for the expenditure of which the duly qualified ratepayers of the said town had given their sanction; \$2,302.95 occasioned by a deficiency arising on the sale of a block of debentures of the said Corporation to the amount of \$97,000, such debentures being composed of \$30,000 for the erection of the King George public school, \$1,500 for the improvement of the King Edward public school, \$14,000 for the construction of a main sewer, \$6,400 of debentures under the Consolidated Debenture Act of 1900, \$7,000 issue of debentures under the Consolidated Act of 1909, amounting in all to the sum of \$97,000. \$2,500 being the cost of extending the main sewer from Hurontario Street to the Septic Tank to comply with the order of the local Board of Health; \$3,461.44 being excess of the cost of the erection of the King George public school over the estimated cost of \$30,000; \$5,085.50 for rebuilding two cement bridges and repairing roads destroyed by sudden floods; and whereas the said Corporation has further represented that to pay the said floating debt forthwith in addition to meeting the necessary annual expenses of the Corporation would be unduly oppressive to the ratepayers of the said Corporation; and whereas it has been made to appear that the members of the Council of the said Corporation are all in favor of the consolidation of the said debt; and whereas the said Corporation by its said petition has prayed that the said floating debt may be consolidated and that the said Corporation may issue debentures for the amount thereof; and whereas the said Corporation have

further represented that the rate of interest, namely, four and one half per centum carried on debentures yet to be issued under the authority of the Act passed in the 62nd year of the reign of Her late Majesty Chap. 44 is not high enough to effect an advantageous sale of such debentures and the said Corporation has prayed that the interest on such debentures as are not yet issued under the authority of the said Act be increased from four and one half to five per centum; and whereas the said Corporation have further represented that in order to cure some omissions which have occurred in connection with By-law No. 795 of the Town of Collingwood to borrow \$30,000 to install Hydro Electric power system in the said town and for improvements in the pump and piping system of the Collingwood Water Works System to validate said by-law No. 795 of the Town of Collingwood and the debentures issued thereunder; and whereas it is expedient to grant the prayer of the said petitioners.

## CHAPTER 95.

## An Act respecting the Town of Dunnville.

*Assented to 6th May, 1913.*

**W**HEREAS the Municipal Corporation of the Town of <sup>Preamble.</sup> Dunnville has by petition represented that in the years 1910 and 1911 the said Town constructed a system of sewers as local improvements; that the construction of the said system of sewers was undertaken on the recommendation of the Local Board of Health and the plans and specifications therefor were duly approved of by The Provincial Board of Health; that a Court of Revision for the hearing of complaints has been held and a special assessment roll made and certified; that on the eleventh day of July, 1912, the Council passed By-law Number 6, A.D. 1912, set forth as Schedule "A" hereto, providing for borrowing \$36,000 upon debentures to pay for the construction of the said system of sewers and imposing rates to pay the said debentures; that doubts have arisen respecting the sufficiency of the said recommendation of the Local Board of Health and respecting the validity of the said by-law and of the debentures to be issued thereunder, and the said Corporation has by its said petition prayed that an Act may be passed to confirm the said by-law, the rates thereby imposed and the debentures thereby authorized to be issued; and whereas the said Corporation has by its said petition further represented that it has been ascertained that the said sum of \$36,000 is insufficient to pay for the construction of the said system of sewers and that there is a deficiency of \$1500 to be provided for, and the said Corporation has by its said petition prayed that the Council may be authorized to pass a by-law providing for borrowing the said sum of \$1500, and issuing debentures therefor and assessing two-thirds of the amount of the loan as the owner's portion of the cost by an equal annual rate per foot frontage upon the lots specially assessed under the said by-law No. 6, A.D. 1912, without taking any of the proceedings required by *The Local Improvement Act* or by any other Act, and providing for payment of the remaining one-third of the loan as the Corporation's

tion's portion of the cost by a rate upon the whole rateable property of the Municipality; and Whereas the said Corporation has by its said petition further represented that a sewer has been constructed upon Broad Street from Centre Street to the Eastern limit of the House of Refuge in the said Town; that the lands upon both sides of Broad Street abutting upon the said sewer are not required for building purposes and the said sewer is not required by the owners of the said lands but the same is necessary for the House of Refuge, and the County of Haldimand has advanced to the Town the sum of \$667.60 to pay for the said sewer, pursuant to an agreement with the town providing that upon the said lands or any part thereof being used for building purposes the town will repay to the said County the moneys so advanced, and the said Corporation has by its said petition prayed that upon the said Corporation being required to repay the said moneys at any time within fifteen years after the construction of the said sewer the Council may be authorized to pass a local improvement by-law providing for borrowing \$667.60 upon debentures payable within fifteen years from the date of the issue thereof to repay to the County of Haldimand the moneys advanced as aforesaid and to specially assess the lands abutting upon the said part of the said street to pay one-half of the amount of the debentures and the interest thereon and to impose a rate upon the whole rateable property of the Municipality to pay the other half of the amount of the said debentures, but in the event of the said Corporation not being required to repay the said moneys within such fifteen years but being thereafter required to repay the same, the Council may without the consent of the electors pass a by-law to borrow the said sum of \$667.60 upon debentures payable within fifteen years from the date of the issue thereof and impose a special rate upon all the rateable property in the Municipality to pay the same; and whereas the Corporation has by its said petition represented that a sewage disposal plant has been constructed in connection with said system of sewers and that By-law No. 13, A.D. 1911, set forth as Schedule "B" hereto, has been passed with the assent of the electors to borrow \$9,400.00 upon debentures to pay for the same and the Corporation has by its said petition prayed that the said By-law No. 13, A.D. 1911, and the rates thereby imposed and the debentures issued thereunder may be declared to be valid and binding upon the said Corporation and the ratepayers thereof; and whereas it is expedient to grant the prayer of the said petition.

THEREFORE, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. By-law Number 6, A.D. 1912 of the Municipal Council of the Corporation of the Town of Dunnville, intituled "A By-law to provide for borrowing \$36,000 upon debentures to pay for the construction of a sewer system established on certain streets in the said Town of Dunnville," as set forth in Schedule "A," to this Act, and the rates thereby imposed are hereby declared to be legal, valid and binding upon the corporation of the Town of Dunnville and the ratepayers thereof. All debentures issued or to be issued under the said by-law and substantially complying with the provisions thereof, are hereby declared to be legal, valid and binding upon the said Corporation and the ratepayers thereof, and it shall not be necessary for the purchaser of any of such debentures to inquire into the proceedings relating to the passing of the said By-law, or to the issue of such debentures.

The principal of such debentures shall be made payable in yearly sums during twenty years after the date of the issue thereof, of such respective amounts that the aggregate amount payable for principal and interest in each year shall be equal. For the purpose of paying the said debentures and the interest thereon a special equal annual rate per foot frontage shall be imposed by such by-law upon all the lots or lands specially assessed under said By-law Number 6, A.D. 1912, sufficient to provide two-thirds of the amount required annually to pay the said annual instalments of principal and of the annual interest, and a special general annual rate shall be imposed upon all the rateable property of the Municipality sufficient to provide the remaining one-third of the amount required annually to pay the said annual instalments of principal and of the annual interest. ## CHAPTER 96.

## An Act respecting the City of Fort William.

*Assented to 6th May, 1913.*

**W**HEREAS the Corporation of the City of Fort William <sup>Preamble.</sup> has by Petition, represented that By-laws numbered 1194, 1195, 1196, 1197, 1239 and 1240, of the said City, set out in Schedule "A," "B," "C," "D," "E," and "F" respectively hereto, were each duly published, as required by law in a newspaper, published at Fort William, prior to the date of voting thereon; that the said By-laws numbered 1194, 1195, 1196 and 1197 were each submitted to the electors of the said City, entitled to vote thereon on Wednesday, the 10th day of July, 1912; that the said By-laws numbered 1239 and 1240 were each submitted to the electors of the said City, entitled to vote thereon, on Monday, the 6th day of January, 1913, when the following was the result of the polling in respect of such By-laws, namely:—

By-law Number 1194	.....1,494 votes in favor of, 454 votes against out of a total of 3,335;
By-law Number 1195	.....1,569 votes in favor of, 384 votes against out of a total of 3,335;
By-law Number 1196	.....1,484 votes in favor of, 467 votes against out of a total of 3,335;
By-law Number 1197	.....1,609 votes in favor of, 376 votes against out of a total of 3,335;
By-law Number 1239	.....1,367 votes in favor of, 472 votes against out of a total of 3,981;
By-law Number 1240	.....1,341 votes in favor of, 498 votes against out of a total of 3,981;

that the said By-laws numbered 1194, 1195, 1196 and 1197 were each finally passed by the Council of the said City, on the 16th day of July, 1912; that the said By-laws numbered 1239 and 1240 were so finally passed on the 14th day of January, 1913; and that no application has been made to quash any of the said By-laws, nor is any action pending, wherein the validity of any of the said By-laws is or may be called in question; and whereas the said Corporation has by Petition, further represented that the National Tube Company,

pany, Limited, are the assignees of the Company to be incorporated under an agreement dated the first day of November, 1911, and made between the Corporation of the City of Fort William, of the one part and Frank V. Samwell of the other part (which agreement is set forth in Schedule "C" to *The City of Fort William Act, 1912* and validated thereby); that pursuant to such validated agreement the City has entered into a similar agreement with The National Tube Company, Limited, extending the time for completion of the plant, works and equipment therein referred to, which agreements with the said Company are set forth in Schedules "G" and "H" hereto; and whereas the said Corporation has by Petition further represented (a) that it has constructed a system of waterworks of a substantial and permanent character for the purpose of supplying the inhabitants with pure water; that from the situation of the City it has been necessary to bring such water supply from a distance of eight miles, and that the work has been of an expensive character from its involving the construction of a long tunnel through rock, and being on a scale adequate to meet the present and prospective rapid growth and development of the City, due to its exceptional position at the head of navigation on the Great Lakes and its railway connection; (b) that the Corporation has heretofore passed By-laws authorizing the issue of debentures for the construction of such waterworks system to the amount of \$1,212,400, the particulars of which are set out in Schedule "I" hereto, and that owing to the heavy debts incurred, as well as for the construction of such waterworks system as for other necessary purposes and to the probable further money requirements to meet the rapidly growing needs of the City it would be unduly burdensome on the rate-payers of the Corporation to meet the debentures at their maturity, and it is desirable that such debentures should be consolidated into one issue of \$1,212,400, payable within fifty years; (c) that looking to the fact that the waterworks system will be revenue-producing to an amount equal to the annual sum required to be levied for interest and sinking fund to meet the debentures to be issued under such consolidating By-law, and to the probable necessity of debenture issues in the future for monies required to be expended for purposes rendered necessary by the rapid growth and extension of the City, it is desirable that the amount of the debentures authorized by such consolidating By-law be not included in the amount of Debenture Debt of the City, in making future debenture issues; and whereas, by certificate, dated the 4th day of October, 1912, the Provincial Board of Health approved of the said system of waterworks; and whereas the said Corporation, has by Petition further represented that the existing Debenture Debt of the said Corporation, exclusive of the Local Improvement Debenture Debt, amounts to \$3,195,100.81, made up as follows:—

Street Railway Debenture Debt .....	\$505,000 00

General Debenture Debt .....	1,130,369 55
School Debenture Debt .....	271,932 58

of which no part of the principal or interest is in arrear, for the payment of which a sinking fund of \$531,819.06 has been provided; that the amount of the rateable property of the said Corporation, according to the last revised assessment roll, liable for the general taxation of the said Corporation, is \$25,167,925, plus \$30,000 in cash paid by The Canadian Pacific Railway Company yearly; and whereas the said Corporation, has by Petition prayed for Special Legislation in respect of the above and other matters hereinafter set forth; and whereas it is expedient to grant the prayer of the said Petition;

To BY-LAW No. 1197.

Memorandum of Agreement made in quintuplicate this twenty eighth day of May, 1912,

Between

Canadian Car & Foundry Company, Limited, a body corporate, having its head office at the City of Montreal, herein acting by N. Curry, Esquire, its President, and F. A. Skelton, Esquire, its Secretary-Treasurer, hereto duly authorized by resolution of its Board of Directors, dated the eighteenth day of May, 1912, a certified copy of which is hereto annexed, hereinafter called "The Company," party of the first part;

and

The Corporation of the City of Fort William, in the Province of Ontario, herein acting by George A. Graham, its Acting Mayor, and A. McNaughton, its City Clerk, in virtue of a resolution of the Council of the said City, dated the twenty-eighth day of May, 1912, a certified copy of which is hereto annexed, hereinafter called "The City," party of the second part;

Whereby the Company and the City mutually covenant, promise and agree each with the other of them, as follows:

1. The Company is to have offices, and manufacturing and producing works at Fort William, for the manufacture of the products hereinafter referred to.

2. The Company will, within sixty (60) days after the Deeds hereinafter mentioned have been deposited in accordance with the terms hereof with a chartered bank in the City of Fort William, or so soon after the expiry of said sixty (60) days as climatic conditions will reasonably permit, proceed to erect a plant, works, and equipment on the site in the City of Fort William hereinafter mentioned, designed to manufacture cars, conveyances, and railway equipment, and such car specialties and other objects and products, as the Company may from time to time desire to manufacture.

3. The said plant and equipment is to cost not less than One Million Dollars (\$1,000,000), (excluding the cost of site) and shall be completed, ready for operation within thirty (30) months from the date the Company is bound to commence the construction thereof, under the terms of this agreement.

Provided,

Provided, however, if the Company is delayed in such commencement and completion by reason of accidents, strikes, delays in delivery of material, by the fault of the City, or by other causes beyond its control, the time so lost shall be added to the periods hereinbefore fixed for the commencement and completion.

4. The said plant, works and equipment, when completed as aforesaid, are to have a capacity capable of manufacturing not less than twenty-four (24) freight cars per working day besides other car specialties.

5. The Company is to employ during the period of five (5) years after commencing manufacturing operations in connection with such plant, works and equipment, a sufficient number of men for a sufficient number of working days to equal one thousand (1000) men for twelve hundred and fifty (1250) working days; and shall employ, in each year thereafter during the next period of five (5) years, a sufficient number of men for a sufficient number of working days to equal not less than one thousand (1000) men for two hundred and fifty (250) working days each.

Provided, however, from the number of days respectively hereinbefore mentioned there shall be deducted the number of days during which the operation of the said plant is interfered with, notwithstanding due diligence on the part of the Company, by reason of fire, accidents, strikes, non-supply of water or power, or other happenings beyond the control of the Company; and the Company, in the event of such interference shall give notice to the City when said interference with the operation of its plant commences and also a like notice when said interference ceases.

All men employed by any manufacturing concern upon the property hereinafter mentioned by any corporation, firm or person, occupying any part thereof under title from the Company, and the periods of their employment, respectively, may be included by the Company, for the purposes hereof;

Provided that the payroll of any such corporation, firm or person, as to men employed and wages paid shall be subject to the same inspection by the City as is provided in section nine hereof.

6. All fire insurance placed or held by the Company upon any of its property in the City of Fort William shall, during ten (10) years from the date hereof, be placed with or through local fire insurance agents residing and carrying on business in the City of Fort William, provided such insurance can be so placed equally advantageously to the Company, as same may be placed elsewhere.

7. All men employed in the erection of said plant, works and equipment, either by the Company or by any contractor or subcontractor or by the Company in the operation thereof, or by any other corporation, firm or person on said property, as aforesaid, shall be paid in cash in the City of Fort William or by cheque on some bank in the said City.

8. All men employed by the Company, or by any contractor or subcontractor, or otherwise, in the erection or operation of such plant, works and equipment, and any other plant, works and equipment on the property herein described, shall be paid not less than the standard wages for either time or piece work from time to time in force in Fort William, for their respective trades for the same grade of work therein, and all such men shall be paid semi-monthly.

pany shall, from time to time, at reasonable periods, during the said term, satisfy the City by declaration or affidavit that they have complied with the provisions hereof.

Provided, however, that no dwelling houses or stores which may be situate upon the lands exempt thereby nor the land occupied by such dwelling houses or stores when so occupied, shall be included in such exemption.

In the event of the Company's plant ceasing to operate for more than six (6) months in any calendar year, for other reasons than the results of fire, accidents, strikes, non-supply of water or power or other happenings beyond the control of the Company, the Company will pay taxes for that year.

Any default of the Company in respect to its other obligations hereinafter shall operate to deprive the Company of the benefit of the exemption herein granted, only for the period of the calendar year or years in which such default may occur or continue.

11. The Company shall not be deemed, however, to be in default hereunder until the expiry of thirty (30) days from the receipt by the Company of a notice in writing by the authorized officers of the City, acting under a resolution of the Council of the City of Fort William, setting out the act or omission of the Company complained of and that the City will hold the Company to be in default under this agreement for the reasons mentioned in said notice, and unless the Company shall in fact fail, within such thirty (30) days, to make good any such act or omission, if the same be in contravention of the terms hereof.

12. The City shall, as soon as possible after the coming into force of this agreement, cause to be deposited in escrow in the office of a chartered bank in the City of Fort William, a deed or deeds granting and conveying to the Company by valid title in fee simple, free from all encumbrances, unconditionally, and without reference to this contract, the following lands in the City of Fort William in the District of Thunder Bay:

Firstly:—That portion of lots nine (9) and ten (10) in the First Concession of the Township of Neebing, north of the Kaministiquia River, now in the said City, bounded by Neebing Avenue, Right of Way of the Canadian Northern Railway, Mountain Avenue and Montreal Street, saving and excepting:

- (a) The west thirty feet thereof which is to be reserved by the City for the purpose of allowing a branch line or spur connecting the Industrial Spur on Montreal Street with the Canadian Pacific Railway Company's line to be constructed and operated thereon, and

(b)

R. Bingham, Provincial Land Surveyor, hereto attached to form part hereof, and identified by the signatures of the parties hereto, and the City shall, simultaneously with or before the deposit of the said deed or deeds give to the Company free and uninterrupted possession of the said property to the end that it may forthwith commence the erection of said plant and uninterruptedly continue the same.

13. The said bank shall release the said deed or deeds to the Company, and the conditions of said deposit as between the City and the said bank shall so provide when and so soon as the Company shall have expended upon said plant, works and equipment, the sum of two hundred and fifty thousand dollars (\$250,000), exclusive of the cost of site) as evidenced by the solemn declaration of the Secretary-Treasurer of the Company, and when the Company shall have delivered to the City the bond of the Montreal Trust Company in the sum of two hundred and fifty thousand dollars (\$250,000), conditioned for the due completion of the said plant, works and equipment, as aforesaid, which completion shall be evidenced by the solemn declaration of the Secretary-Treasurer of the Company, as to the expenditure of at least one million dollars (\$1,000,000), and by the fact of the said plant having been put in operation. The said bond of the Montreal Trust Company shall be delivered up to the Company for cancellation when the conditions thereof, as aforesaid, shall have been complied with.

14. The City may maintain, repair and operate the present water works, mains, and hydrants installed in and upon the above described lands. The City will, on the request of the Company, however, move any water mains from one position to another on the said property to meet the convenience of the Company in respect to its plant, providing such moving or removal shall not affect the efficiency of the water service of the City.

All work for repairs in respect to said water mains, obtaining access thereto or moving of same shall be borne by the City.

15. The City will secure and maintain for the Company either (a) the right to free physical and rail connection between the first above described lands and the Canadian Pacific Railway Company and the Industrial Spur south of Montreal Street, or (b) free switching between said lands and the said Railway Company and the said Industrial track, or (c) will secure for the Company the free right to do its own switching between said lands and the said Railway Company and the said Industrial track. The City will pay to the Company such switching charges as it may have to pay for switching and the conveyance of goods and materials between said lands and said Railway Company and said Industrial track, until the City shall have fulfilled its obligations in this respect.

16. Upon the said plant, works, and equipment being put in operation, the City will pay to the Company the amount expended by the Company for the construction of a dock fronting on the said lands in the Kaministiquia River and loading and unloading

equipment

equipment thereof, which said dock shall be and remain the sole property of the Company, the liability of the City in this respect, however, not to exceed the sum of twenty thousand dollars (\$20,000). The City will join with the Company in any applications to the Dominion Government which it may be found advisable to make for the purpose of causing any necessary dredging to be done to provide proper access to and accommodation for vessels in respect to said dock, and will use its best endeavors to procure the performance of the same.

17. The Council of the City of Fort William may, by resolution and without further authority from the ratepayers of the City, from time to time, make declarations binding upon the City as to the fulfilment by the Company of its obligations hereunder, and the interpretation and meaning of the terms hereof, and may in like manner, on behalf of the City, settle and compromise and otherwise deal with any disputes or questions which may from time to time arise between the City and the Company in respect to the matters herein referred to.

18. This agreement shall not come into force or effect until confirmed by a by-law of the City duly approved by the ratepayers of the City, and until said by-law shall have been enacted and so approved, shall have no force or effect; but upon the enactment of said by-law and its approval, as aforesaid, this contract shall come into force and effect as of the date of said approval.

The City will, at its own expense, if required by the Company, apply for a ratification of this contract, and the by-law based thereon, by the Legislature of the Province of Ontario at its next session, and use its best endeavours to procure the same.

19. Time shall be the essence of this agreement.

20. This agreement shall be binding upon and inure to the benefit of the successors and assigns of the Company or of the City respectively.

*Assented to 6th May, 1913.*

Preamble.

**W**HEREAS the Municipal Corporation of the Town of Kenora has by its petition represented that it has incurred debts for the sum of \$908,885.11, for the following purposes: Waterworks \$181,773.60; Public Schools \$19,234.00; High Schools, \$32,000.00; Public Improvements of a permanent character, \$40,684.46; Electric Light and Telephone Plant, \$51,907.53; Hydro-Electric Light and Power Plant, \$535,092.60; Fire Hall and Appliances, \$40,000.00; Town's share of local improvements, \$8,192.33, for which debentures have from time to time been issued, all of which, with interest, will become due and payable within the next thirty years as set forth in Schedule "A" hereto, and no part either of principal or interest is in arrear; That sinking funds amounting to \$54,600.00 have been provided for the payment of the said debentures, particulars of which are also set forth in the said Schedule; and whereas the said Corporation has by its petition represented that the objects for which the said debts were contracted are of a permanent character and that to pay off the said debts with interest as the same become due, in addition to the ordinary annual expenditures and burdens, would be unduly oppressive to the ratepayers; And whereas the said Corporation has prayed that the said debenture debts be consolidated, and that it may be authorized to issue consolidated debt debentures, from time to time, not exceeding in the whole the sum of \$908,885.11, for the redemption of the said debts, such consolidated debt debentures to become due and payable at the expiration of forty years from the thirty-first day of December, 1913, and to form a sinking fund, to be called the Consolidated Sinking Fund, for the payment of such consolidated debt debentures; and whereas the said Corporation has by its said petition further represented, that in order to meet the sanitary requirements of the inhabitants of the Municipality, it is necessary to

construct

construct a system of sewerage and a plant for the disposal of the sewage therefrom; that the estimated lifetime of the said system and plant would exceed forty years; that to pay for such works in less than forty years would be unduly oppressive to the ratepayers; and whereas the said Council has by its said petition prayed that the Council may be authorized to pass a By-law or By-laws without the assent of the electors, providing for the construction of such system of sewerage and plant for the disposal of sewage, and for borrowing money to pay therefor upon debentures payable at the expiration of forty years, and imposing rates to pay such debentures; and whereas the said Corporation has by its said petition further represented that the Council by a three-fourths vote of all the members thereof passed By-law No. 573 without the assent of the electors, authorizing the issue of debentures for the sum of \$25,000.00 to pay for extensions of and improvements to the system of waterworks and that such extensions and improvements were necessary, and that an additional revenue will be derived from the waterworks and extensions thereof sufficient to meet the annual special rate to pay the debt and interest, but such increased revenue will be derived largely from the increased capacity of the works, and doubts have arisen as to the power of the Council to pass said By-law with the approval of The Ontario Railway and Municipal Board, and as to the validity of the debentures to be issued thereunder, and the said Corporation has by its said petition prayed that the said By-law as set forth in Schedule "D" hereto and the debentures issued or to be issued thereunder may be confirmed and included in the said consolidated debt, and that the interest thereon may be increased; and whereas it is expedient to grant the prayer of the said petition.

THEREFORE, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. The said debenture debts of the Corporation of the Town of Kenora, the particulars of which are set forth in Schedule "A" hereto, are hereby consolidated at the sum of \$908,885.11, and the said Corporation is hereby authorized to deal with and provide for payment of the same as hereinafter provided.

2. The Council of the Corporation of the Town of Kenora is hereby authorized, from time to time, to borrow such sum or sums of money upon debentures of the said Corporation as may be required to pay the said debenture debts so consolidated, as they become due, and for that purpose to pass a By-law or By-laws providing for the issue of debentures,

Every such By-law shall by recital or otherwise, state a sufficient specific sum to be raised annually for paying the interest upon the Consolidated Debt Debentures thereby authorized to be issued, and shall provide that such sum shall be raised annually for the payment of such interest by a special rate sufficient therefor, over and above all other rates on all the rateable property in the Municipality, but no such By-law shall provide for raising any sum for the payment of such debentures when due; It shall not be necessary that any such By-law shall be submitted to or receive the assent of the electors, or that any such By-law shall comply with the requirements of any Municipal Act respecting By-laws for contracting debts. 5. In the event of the Council at any time passing a By-law providing for the issue of consolidated debt debentures required for the purposes set forth in the preceding sections of this Act, but the debentures provided for are not issued at the time when the same are required, the Council may issue such consolidated debt debentures at a subsequent time; and in the event of the Council, at any time, not passing a By-law providing for the issue of consolidated debt debentures when such debentures are required for the purposes set forth in this Act, the Council may pass such By-law and issue consolidated debt debentures thereunder at a subsequent time.

## CHAPTER 114.

## An Act respecting the City of Peterborough.

*Assented to 6th May, 1913.*

## Preamble.

**W**HEREAS the Corporation of the City of Peterborough has by petition represented that under the following Statutes of the Province of Canada and of the Province of Ontario, namely: 24 Victoria, Chapter 61, as amended by 38 Victoria, Chapter 40; and 53 Victoria, Chapter 99; the then Town of Peterborough was authorized to pass By-laws for the issue or the reissue of debentures providing in some cases that no sinking fund should require to be raised, and in other cases only a one per cent. sinking fund and debentures were accordingly issued under said By-laws, some of which are still outstanding, and at the maturity of the said debentures there will not be a sufficient sinking fund to retire same, and it is necessary that authority should be given to issue debentures for the amount required to make up same; that by Section 27 of Chapter 104, of 8 Edward the Seventh it is provided that coupons attached to debentures issued by the Corporation are to be signed by the Mayor, but as such signature is not required by the provisions of *The Consolidated Municipal Act*, the said section should be amended to provide that it shall not be necessary for the Mayor to sign coupons and also to provide that the signature of the Treasurer to coupons may be by his lithographed, engraved or stamped signature; that the ratepayers of the said City having by By-law duly passed, authorized the acquiring from or through the Hydro-Electric Power Commission of Ontario of a supply of electric power it is intended to engage in municipal lighting, and it is therefore necessary to enable the Municipality to carry out same and instal a proper and efficient system suitable to the requirements of the citizens to repeal subsection (2) of section 2 of chapter 71 of 62 Victoria (Second Session) and to amend chapter 117 of 2 George the Fifth, to make it clear that the Corporation has authority to expropriate all the rights, works and property of The Peterborough Light and Power Company (Limited), or any part thereof, and to amend any other statutes of the Province relating to

to the said City that may require amendment for the purpose, to provide that the Corporation, without acquiring the plant of the said Company or any part thereof or of any Company may engage in the generation, distribution, supply and sale of electric energy for all purposes; that under By-law Number 1702 of the said Corporation duly passed by the ratepayers it is provided that debentures for the sum of \$10,000 for an Incinerator for the disposal of garbage might be issued, payable within 20 years from the date thereof and bearing interest at the rate of five per cent. per annum, and it is necessary that the issue thereof for the said time and rate should be authorized; that under By-law Number 1515 of the Corporation duly passed, after proper statutory notice, part of Hunter Street in the said City was closed and authorized to be conveyed to the Peterborough Hydraulic Power Company, Limited, in exchange for a parcel of land of equal area, to take the place of that part of said street so closed, so that it would still be 66 feet in width, but it has been ascertained that the description of the part of the street to be closed and conveyed as set out in said By-law is not quite accurate, and it is desirable that the said Corporation may be authorized to close and convey that part of said street intended; and whereas the amount of the rateable property of the Municipality is the sum of \$9,617,222, and the existing debenture debt (exclusive of local improvement debts payable by local special rates) is the sum of \$1,318,008.96; and whereas it is expedient to grant the prayer of the said Petition;

THEREFORE, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. It shall and may be lawful for the Council of the City of Peterborough, without the consent of the ratepayers, from time to time, to pass by-laws authorizing the consolidation of any debts for which the debentures set out in Schedule "A" hereto were issued or authorizing the said Council to issue or reissue debentures for the purpose of retiring any such debentures, at the maturity thereof or to make up the amount required therefor, provided, however, that any such by-law shall provide for the raising of a sinking fund sufficient, with the estimated interest on the investment thereof, to pay any debentures issued or reissued under same, at the maturity of said debentures respectively and the said interest and sinking fund shall be raised and levied from and out of the property of the same class of ratepayers as provided in the original by-law or the statutes authorizing the issue of such first mentioned debentures.

Whereas the Erie Iron Works, Limited, have made a proposition to the Council of the City of St. Thomas, for the extension and improvement of its present factory and its plant and equipment, and have agreed to expend in such extensions and improvements not less than \$10,000 and to increase its capital stock by the sum of \$15,000, and to employ and keep employed in said factory for the term of ten years, continuously, not less than fifty hands, in consideration of being granted a loan of \$15,000 without interest for the first five years, and thereafter at the rate of five per cent. per annum, the said loan to be paid back in six equal payments of \$2,500 each, the first of which payments shall be payable at the end of five years from the making of the loan and the last payment at the end of ten years from said date, and on being granted a fixed assessment for ten years on said lands, buildings, plant and machinery of \$5,000, exclusive of school taxes and local improvement rates, and as security for the said loan and the repayment thereof have agreed to give a first mortgage to the city on all of the said property.

And whereas it is expedient to grant the said loan and other considerations to The Erie Iron Works, Limited, and for the purpose of providing the monies for the said loan, it will be necessary to raise by way of loan upon the credit of the City of St. Thomas, the sum of fifteen thousand dollars, and to issue debentures of the said city therefor.

And whereas the municipal council of the City of St. Thomas has resolved that the said debentures shall be payable as follows: that is to say, in six equal annual instalments of \$2,500 each, the first of which shall be payable at the end of five years from the date of making the said loan and the last payment at the end of ten years from said date, with interest at the rate of five per cent. per annum from the date of the issue thereof, payable yearly; and it will require the sum of \$750 to be raised yearly in each of the years 1913, 1914, 1915, 1916 and 1917, and the sum of \$625 in the year 1918, and the sum of \$500 in the year 1919, and the sum of \$375 in the year 1920, and the sum of \$250 in the year 1921, and the sum of \$125 in the year 1922, to pay the interest on the said debt and on the respective debentures to be issued thereof; and also the sum of \$1,249.36 to be raised yearly in each of the years 1913 to 1922, inclusive, to form a sinking fund for the payment of the said debt to be created by this By-law, and of the respective debentures to be issued thereunder, such last mentioned sums being sufficient, with the estimated interest thereof to discharge the said debt and to pay the said debentures when and as the same become payable.

And whereas the whole rateable property of the City of St. Thomas, according to the last revised assessment roll of the said city, being for the year 1912, is the sum of \$8,324,672.00.

And whereas the existing debenture debt of the City of St. Thomas is the sum of \$867,866.21, as against which the corporation has on hand sinking funds to the amount of \$5,373.12, the above amount of debenture debt is exclusive of the sum of \$50,000 of debentures of the St. Thomas Street Railway, which has been guaranteed by the municipality, and is exclusive also of local improvement debentures secured by special rates and assessments, which last mentioned debt amounts to the sum of \$180,188.67, all of which is  
guaranteed

guaranteed by the municipality at large, and against which the corporation has on hand sinking funds to the amount of \$8,149.73 and there is no sum in arrears, either for principal or interest for or on account of the said debt.

Therefore the corporation of the City of St. Thomas, by the council thereof, enacts as follows:—

6. A special rate on the dollar upon the assessed value of all the rateable property in the City of St. Thomas, over and above and in addition to all other rates and taxes, and which special rate shall be sufficient to produce in each year the sums above set forth and required to be raised in such year for the payment of interest and of sinking fund, shall be annually levied and collected from the year 1913 to the year 1922 inclusive, less such sums as may be received by the corporation from the Erie Iron Works, Limited, in repayment of the said loan and the interest thereon) unless the said debentures shall be sooner paid, for the purpose of paying the said debt and the interest thereon as hereinbefore specified.

7. All monies received by the corporation from the said, The Erie Iron Works, Limited, either for principal or interest on the said loan, shall forthwith, after the receipt thereof, be deposited in a special account in the Imperial Bank of Canada, or such other chartered bank as the council may determine, and the monies standing at the credit of such special account or a sufficient part thereof

thereof at the time of settling the total annual rate and making up the Collector's roll for any year, shall be applied on or towards the payment of the annual amount falling due in such year for interest or sinking fund on account of the debentures issued to pay said loan, and the amount to be raised in such year shall be reduced to the extent of the sum so applied.

9. The said loan of \$15,000 shall not be paid over to the said company until such time as it has proved to the satisfaction of the council of the City of St. Thomas, that it has expended in extensions and improvements to its buildings and plant and in addition to its machinery not less than ten thousand dollars, and until it has increased its paid-up capital stock, over and above that at present paid-up, by the sum of fifteen thousand dollars, and has entered into an agreement with the city to maintain and operate its factory and plant for the term of ten years continuously, with not less than fifty hands during the whole of said term, and until it has given to the city a first mortgage on its buildings, lands, plant and machinery of every kind, as security for the said loan and the repayment thereof, and for the performance of the said agreement on its part.

10. The annual payment to be levied under the authority of this by-law on account of the said sinking fund, shall be annually paid by the Treasurer of the City of St. Thomas to the Treasurer of the Province of Ontario, in accordance with and subject to the provisions of the "Ontario Municipal Securities Act, 1908."

## AGREEMENT BETWEEN R. HOME SMITH AND CITY OF TORONTO.

*Re* HUMBER RIVER BOULEVARD AND DRIVE.

THIS AGREEMENT made the twenty-ninth day of November, A.D. 1912.

BETWEEN: R. HOME SMITH, of the City of Toronto, in the County of York, Manager (hereinafter called "Home Smith"), of the first part, and

THE CORPORATION OF THE CITY OF TORONTO (hereinafter called "the City"), of the second part:

WHEREAS Home Smith has made a proposition to the City, looking to the acquisition by the City for the purposes of a park system of large tracts of lands in and about the Humber River, west of the City of Toronto, and looking to the creation of a driveway, parkway and boulevard through the Humber Valley, from the Lake Shore Road to Dundas Street, and to the general development of the district in question in harmony with the plan for said park system, driveway, parkway and boulevard, and in a manner generally advantageous to the City, which proposition the City has deemed it in the interest of the City to accept;

AND WHEREAS the City has determined that it is desirable and necessary that a portion of the property north of Bloor Street and west of the Belt Line right-of-way, known as the Kennedy property, and being that portion of said Kennedy property shown approximately as colored red on the map or plan hereto annexed and marked "A," and the property on the south side of Queen Street and north of the Grand Trunk Railway right-of-way, known as the Watson property, comprising twelve acres, more or less, and being the property shown colored red on the map or plan hereto annexed and marked "A," should be expropriated by the City for park purposes, and has commenced proceedings for the expropriation of said properties under its powers in that behalf;

AND WHEREAS the City has further determined that it is desirable and necessary that there should be annexed to the City of Toronto, so that the same may thereafter form part of the City of Toronto for all municipal purposes, the territory to the west of the City of Toronto, being all that part of York Township west of the City of Toronto and south of the right-of-way of the Toronto and Niagara Power Company, also the bed of the Humber River, and such part of the Township of Etobicoke as may hereafter be agreed upon by the City and Home Smith, and of which the rate-payers may petition to be annexed to the City;

AND WHEREAS these presents are entered into for the purpose of defining and giving effect to the agreement arrived at by the parties in the premises and providing for the better carrying out of the same;

NOW THEREFORE THIS AGREEMENT WITNESSETH that in consideration of the mutual agreements herein contained, the parties hereto mutually agree as follows:

1. Home Smith will grant and convey, or procure to be granted and conveyed to the City, in fee simple, the lands in the Humber Valley, comprising about one hundred and five acres, which are shown colored green on the maps or plans hereto annexed, marked "B," "C," "D" and "E," and the following lands:

(a) An allowance for a road from Queen Street to Bloor Street one hundred feet wide, which allowance for road is shown upon  
said

said map or plan hereto annexed, and marked "A" and colored brown;

(b) Two strips of land adjoining Bloor Street, and sufficient to widen Bloor Street to a width of one hundred feet for the length of said strips, which last mentioned strips of land are shown on the map or plan hereto annexed, and marked "A" and colored brown.

The City will not use or permit the use of the said lands mentioned under letters (a) and (b) of this paragraph otherwise than for the purpose of public highways.

Provided always, that the City shall have three months from the date of this agreement in which to search the title to the properties in this paragraph mentioned, and shall be deemed to have accepted the title thereto after the said three months, subject only to any objections thereto which the City shall have made and notified in writing to Home Smith within said three months. If the City shall, within said three months, make any objections to title which Home Smith shall be unable or unwilling to remove and which the City shall not be willing to waive, this agreement, notwithstanding intermediate negotiations, shall be cancelled and at an end, and neither party shall be under any liability to the other for damages or otherwise in respect of anything done or agreed to be done under this agreement.

2. The City will take all proper steps to bring about the annexation of the said territory defined in the recital hereto as speedily as possible, and the legislation to be applied for, as hereinafter provided, shall contain a proper section or sections annexing said territory to the City of Toronto, or declaring that said territory has been duly annexed to and forms part of the City of Toronto, as the circumstances may require.

3. The City will duly and promptly carry on to completion the proceedings for the expropriation for park purposes of the said properties known as the Kennedy and Watson properties, and if deemed necessary or advisable the legislation to be applied for as hereinafter provided shall contain a proper section or sections validating and giving effect to the expropriation proceedings, or such other section or sections, as may be necessary or proper to vest said properties in or enable the same to be acquired by the City for park purposes as aforesaid.

4. The City will, in the year one thousand nine hundred and thirteen, expend the sum of twenty-five thousand dollars, and a further sum of twenty-five thousand dollars in each of the four years thereafter (the total expenditure to which the City binds itself by this clause being the sum of one hundred and twenty-five thousand dollars), upon a plan of park improvements in connection with this property, to be prepared and agreed upon by the said Home Smith, the Commissioner of Works and the Park Commissioner of Toronto.

5. Home Smith will support, when desired, any application for any legislation, Order-in-Council, Crown grant, authority or consent, which, in the opinion of the Corporation Counsel of the City, may be necessary to enable the City to construct the said improvements, and Home Smith will pay one-half the cost of any such application for such legislation and for legislation validating this agreement.

6. The City will either at once or in sections from time to time, as Home Smith, the City Parks Commissioner and the City Engineer may desire, construct and thereafter maintain a trespass proof fence between the said park areas, consisting of said lands shown colored green on said maps or plans marked "B," "C," "D" and "E,"

"E," hereto annexed, and said Kennedy and Watson properties, and the lands adjoining the same. It is understood and agreed that this fence shall be a woven-wire fence, to be approved of by the City Engineer and the Park Commissioner and Home Smith, with an additional line of wire along the top attached to the posts, and an extension arm from the top of each post carrying two additional lines or strands of wire; and further, that the City shall not be bound to expend in the construction of said fence a larger sum than ten thousand dollars.

7. The City will make such openings, gateways and gates in said fence as may be agreed upon by the said Parks Commissioner, the City Engineer and Home Smith.

8. Home Smith may, until the first of January, 1916, quarry and remove stone from the bed of the Humber River throughout its length and breadth, from the present Bloor Street bridge to Dundas Street, including the stone contained in the dyke situate in the Humber River immediately south of Dundas Street, and he may pile any of the stone above mentioned upon the City property adjoining the Humber River until January 1st, 1916, after which time he shall remove same, and Home Smith shall have access at all convenient places through the City property to said river for the purposes of exercising the privileges given him by this paragraph, but such privileges shall not prevent the City from using stone from the bed of the river for the purpose of developing the park and building the driveway and bridges.

9. The City will pass a By-law or By-laws restricting the use of the said area to be annexed to residential purposes, except that shops shall be permitted on Dundas Street, Lambton Road, Jane Street, Bloor Street, Baby Point Road, Church Street, and a new street to be laid out from the end of Bloor Street, in the Township of York, in a north-westerly direction through the Township of Etobicoke, to a point near the intersection of Church and Dundas Streets, and in such other places as the City may choose, and except that factories which shall use electric power only, and shall create no smoke or other nuisance, shall be permitted in the district east of the Belt Line right-of-way and south of College Street or Grenadier Road.

The City will apply for the legislation, if any, necessary to enable it to carry out the terms of this clause.

10. The City will not, except as in this agreement expressly provided, use or permit the use of the said park areas, comprising said lands shown colored green on said maps or plans hereto annexed, and said Kennedy and Watson properties, otherwise than as a pleasure driveway, parkway, boulevard or for park purposes.

11. The City may construct such electrical installations, including poles and wires, as are necessary for the lighting of the park areas, but except as aforesaid during a period of ten years from the date hereof before the City commences or permits to be commenced within the said park areas any of the said improvements, full surveys, profiles, plans and designs thereof, approved of by the said Home Smith, Parks Commissioner and City Engineer, will be prepared and submitted to the City Council for its approval.

12. The City will not, for a period of ten years from the date of this agreement, without the approval of the Parks Commissioner and Home Smith, previously obtained in each case, cut down or remove any live trees from the said park area other than such as it may be necessary to cut down or remove to make possible the said improvements.

13. Whenever any consent or approval of Home Smith or authorization by him is necessary under the terms hereof, such

approval

approval or consent or authorization may be given by any substitute appointed by Home Smith in writing for the purpose, and when so given shall be as effectual as if given by Home Smith personally. Any such substitute may be appointed to exercise all the rights of Home Smith in respect of such consents, approvals and authorizations, or such of said rights as by the appointment may be defined, and the appointment may be revocable or irrevocable, and may be for such time as may be specified therein, or terminable at the will of Home Smith. No consent or approval or authority given under the terms of this agreement shall extend further than is expressed by the document embodying the same, and whenever any change in anything to be done under this agreement by the City is agreed upon as aforesaid, such thing shall thereafter be done with the change agreed upon as if the same, as so changed, had been originally agreed to be done under this agreement.

14. The benefits of this agreement shall enure to the heirs, executors, administrators and assigns of Home Smith, and the right and power to give any consent or approval or authority which Home Smith might give if living, or to appoint any substitute to give such consent or approval or authority, shall enure and extend to the heirs, executors and administrators of Home Smith.

15. The City will apply for and use its best efforts to obtain legislation generally validating this agreement, and any further legislation not hereinbefore particularly provided for, which may be necessary to enable the City to carry all the provisions of this agreement into full effect.

WITNESS the hand and seal of R. Home Smith, Esquire, and the Corporate Seal of the City by the hands of Horatio Clarence Hocken, Esquire, Mayor, and John Patterson, Esquire, Deputy Treasurer, the day and year first above written.

NOW THIS INDENTURE WITNESSETH that the College agrees to sell, and the City agrees to purchase, ALL AND SINGULAR those certain parcels or tracts of land and premises being portions of Park Lots Twenty-two and Twenty-three in the First Concession from the Bay in the Township of York, not in the City of Toronto, and including therein certain lands now shown on one or more registered plans as the same are more particularly identified and shown within the pink shading on surveyor's plan made by Speight & Van Nostrand, O.L.S., which plan is dated the Eleventh day of March, one thousand nine hundred and twelve, a blue print copy of which is intended to be annexed hereto, containing 31.0696 acres of land, as certified by Speight & Van Nostrand, without any representation or covenant for title in respect of such part of any of the said lands as are included within such limits and at present occupied by the College, but are not included in the various registered conveyances of parts of the said lands to the College or to Trustees for the College, or to the party of the Third Part, under which along the College claims title, nor to the portion marked "formerly Maitland Street" on said plan; reserving, however, out of the said lands as the property of the College the building only of the Chapel, as now erected and standing thereon, and reserving also the Chancellor's Chair annexed to Convocation Hall and the Queen Street Entrance Gates and Pillars as given to Trinity College, and three historic stones over main entrance and at two ends of main building, to be replaced by others, with right to the College to remove all of such reserved property at any time prior to the First day of August, one thousand nine hundred and seventeen, and reserving also to the College the right of occupancy as herein-after set forth, at or for the purchase price or sum of Six hundred and twenty-five thousand dollars (\$625,000), payable as follows: Ten thousand dollars is paid in cash to the Solicitor for the College at the time of execution hereof, as a deposit; the further sum of Forty thousand dollars on the Fifteenth day of August, 1912; One hundred thousand dollars on the First day of August, 1913; and the balance in equal consecutive annual payments of Fifty thousand dollars each on the First day of August in each of the years 1914, 1915 and 1916, and any unpaid balance on the First day of August, 1917, with right to the City to increase such annual payments by any amount it may choose in multiples of One thousand dollars, together with interest at the rate of Five per cent. per annum upon all of the said purchase money from time to time unpaid, payable half-yearly upon the First days of February and August in each year, with interest at the same rate upon all instalments of purchase money and interest in arrears and unpaid, the first payment of interest (reckoned from the First day of August, 1912) to be made on the First day of February, 1913.

PROVIDED that the City, upon the balance of purchase money being reduced to \$500,000, shall be entitled to a conveyance of the said lands upon giving back to the College a first Mortgage securing the balance of purchase money upon the terms above set out, such Mortgage to be prepared by the Solicitor for the College, with such special clauses with regard to Power of Sale, Insurance and other matters as are usually included in the lending form of Mortgage used by the Solicitor for the College. The City to prepare the Deed, which is to contain Trustee covenants only, and is to reserve to the College a proper Vendor's lien for such portion of the purchase money as may from time to time remain unpaid and owing by the said City.

THE SAID LAND and premises are sold subject to any easement or easements which the City may heretofore have acquired or have the right to acquire over any part of the said lands, the City hereby expressly waiving any right to require repayment of any moneys heretofore paid to the College in respect of such easement or ease-

ments,

ments, and the College expressly disclaiming any right to require further payments in respect thereof, although such has heretofore been claimed from the City.

THE CITY assumes all local improvement taxes from the First day of August, 1912, from which date interest is to run on the deferred payments of purchase money other than the cash payment of \$40,000, and the existing insurance is to be adjusted as of the same date, the City agreeing to maintain during the occupancy of the College and further till payment in full at least an equal amount of insurance in the same companies, or other companies approved by the College, with loss under all policies made payable to the College until all the purchase money hereunder has been paid, with right to the College to renew such insurances and collect the premiums from the City upon default on the City's part in respect thereof, the College to contribute one-half the premiums during occupancy by the College.

THE SALE AND PURCHASE is to be closed on or before the Fifteenth day of August, 1912, and if not closed by that date the unpaid balance of cash payment, to wit, \$40,000, is to carry interest at the rate of Five per cent. from that date until actually paid.

THE CITY covenants with the College to pay the instalments of purchase money and interest when and as the same fall due and payable as above, and to indemnify the College from payment of local improvement taxes or other rates payable to the City from the First day of August, 1912.

THE CITY further covenants with the College to apply for and use its best endeavors to obtain legislation at the next session of the Legislature of Ontario validating and confirming this Agreement, and the By-law passed by the City Council authorizing this Agreement and empowering the City to incur the indebtedness hereby incurred, and to make the payments hereby called for without submitting the said By-law for the approval of the rate-payers of the City ordinarily entitled to vote on money By-laws, the College undertaking to co-operate (if necessary) with the City in applying for such legislation.

AS PART OF THE CONSIDERATION for this sale it is understood and agreed that the College shall retain exclusive possession during a period of five years of all the buildings as now erected and standing upon the lands herein described, to wit, until the First day of August, 1917, or until such earlier time as the College may decide to vacate the whole or any portion thereof, together with such portions of the grounds (including especially the terrace in front and to the west of the main building of Trinity College) as are necessary for the reasonable enjoyment and occupation of the said buildings, and in addition the College is to be further entitled to the exclusive use and occupation of the playing fields, hockey rink, tennis courts and other recreation grounds intended to be shown marked off in purple upon the said surveyor's plan of the 11th day of March, 1912, the occupation of said recreation grounds and playing fields being exclusive only from the First day of September in each year until the 15th day of May in the following year.

SUBJECT to the rights of occupation as above reserved to the College, the City shall, upon payment in full of the cash payment of Fifty thousand dollars, have the right to enter upon and use and enjoy the remainder of the lands hereby agreed to be sold as a park for the inhabitants of the City of Toronto, but the said lands are to be used for no other purpose whatever until after the right of occupation of the College shall have terminated.

AND IT IS HEREBY AGREED that if the payments of purchase money and interest herein agreed to be made, or any part thereof, shall be in arrear and unpaid for the space of one month after the

same

same falls due, the College may at its option, without forfeiting its other rights and remedies, terminate and cancel this agreement by giving the City one month's notice of its intention so to do, and at the expiration of one month after the serving of said notice this agreement shall, if the default shall not sooner have been made good, be null and void, and all moneys theretofore paid shall be absolutely forfeited to the College as and for liquidated damages.

THE COLLEGE shall not be required to furnish or produce for any purpose whatever any abstract of title or copy thereof, any deeds or evidences of title, or any copies of the same other than those in possession of the College.

THE CITY is to be allowed ten days from this date to investigate the title at the City's own expense. If within that time the City shall furnish in writing to the College Solicitor, Mr. N. F. Davidson, K.C., any valid objection to the title which the College shall be unable or unwilling to remove, the College may withdraw from and rescind this contract, and the College shall then return the deposit without interest. If no such objection shall have been furnished within the time limited the City shall be deemed to have accepted the title.

TIME is made strictly of the essence of this contract.

THIS AGREEMENT shall inure to the benefit of and shall be binding upon the successors and assigns of both the College and the City.

IN WITNESS WHEREOF the Corporate Seal of Trinity College has been hereto affixed by the hand of its Vice-Chancellor, and the City of Toronto has hereunto affixed its Corporate Seal and the hand of George Reginald Geary, Esquire, Mayor, countersigned by John Patterson, Esquire, Deputy-Treasurer of the said City, and the party of the third part has hereunto set his hand and seal.

THHEREFORE, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. Notwithstanding anything contained in the Act passed in the 6th year of His late Majesty's reign, Chaptered 101 the municipal corporation of the Town of Wallaceburg may finally pass by-law 288 set out as Schedule "A" hereto, after the same has been submitted to and approved of by the qualified electors as provided by the said By-law, and when such by-law has been so approved of and finally passed by the council it and the debentures to be issued thereunder when issued shall be legal, valid and binding on the said corporation and the ratepayers thereof.

the

the same shall be forever hereafter held and enjoyed for the purposes of a burial ground for the said Congregation at Berlin and said Trustees or the Trustees for the time being shall not permit or allow any person belonging to any other religious society or congregation the right of burial in said burial ground or cemetery nor shall they permit or allow any minister other than the lawfully appointed Lutheran Minister of said Evangelical Lutheran St. Peter's Church at Berlin, to deliver an address, speech or funeral sermon in said burial ground or cemetery, save and except in case of sickness of the said lawfully appointed minister or in case of a vacancy having taken place in the said Church;" and whereas the said petitioners have prayed that an Act be passed allowing the Trustees of the said Church to hold and enjoy the before mentioned lands for the purposes of a burial ground under the said conveyances hereinbefore recited but not otherwise subject to the restrictive clause above particularly set out; and whereas it is expedient to grant the prayer of the said petition;

## CHAPTER 150.

An Act to enable the Trustees of the Church  
of England Glebe Lands of the City  
of Chatham to Sell and  
Convey the Same

*Assented to 6th May, 1913.*

**W**HEREAS, by letters patent dated the Sixth day of <sup>Preamble.</sup> September, 1837, the Crown granted to certain Trustees that block of land in the Town of Chatham bounded on the north by Gaol Street, on the South by Murray Street, on the West by Adelaide Street and on the East by Prince Street, for the use and benefit of the Ministers and Congregations of the Established Church of England in the said Town of Chatham; and whereas the Ministers and Congregations now receiving the benefit of the said Trust, and the now acting trustees thereof, have duly petitioned for an Act authorizing the sale of the said lands, on the ground that such a sale would greatly benefit all beneficiaries of the Trust as well as in the public interest, and might be effected without detriment in any manner to the said Trust or its purposes; and have also petitioned that the Synod of the Diocese of Huron be appointed Trustees of the said property instead of the trustees provided for in the said grant; and whereas it appears that all persons and bodies presently interested in the said Trust are capable of contracting and are consenting parties to the said petition, and any possible future interests are sufficiently represented by the Bishop and Synod of the Diocese of Huron, who are likewise consenting parties; and whereas it is expedient to grant the prayer of the said petition;

THEREFORE, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Synod of  
Huron to  
be trustees.

**1.** The Synod of the Diocese of Huron shall be the trustees, under the letters patent dated 6th September, 1837, from the Crown, granting to the Reverend Thomas Brock Fuller, and others, that block of land now in the city of Chatham, bounded on the north by Stanley Avenue, formerly Gaol Street, on the south by Murray Street, on the west by Adelaide Street and on the east by Prince Street; instead of the trustees provided for by the said letters patent. The last mentioned trustees, acting prior to or at the time of the passing of this Act are hereby released from the trusts under the said letters patent.

Power to  
sell land.

**2.** The said trustees may sell the said lands, or any part thereof, subject to the rights of tenants or other persons, if any, having any right thereto or interest therein, when, and as, in their judgment it may seem best in the interests and for the purposes of the said trust; and no purchaser shall be answerable for the proper application of his purchase-money.

Application  
of proceeds  
of sale.

**3.** The proceeds of the sale of the lands shall be, by the said trustees, always invested and re-invested in the like interests, and for the like purposes, for which the said lands would have been held if it had not been so converted, and shall, as nearly as can be, be administered in the same manner, so that as far as possible the trusts of the said grant may be preserved and given full effect to in all things.

Dedication  
of land.

**4.** The said trustees may in their discretion dedicate or convey to the City of Chatham, Stanley Park and a street on the southerly side thereof, on such terms and for such (if any) consideration as to the trustees may seem proper.

Costs.

**5.** The costs of the petitioners of and incidental to this Act shall be paid by said trustees out of said proceeds.

## CHAPTER 151.

## An Act to increase the Borrowing Powers of the Trustees of the Estate of the late William Walter Brown.

*Assented to 6th May, 1913.*

**W**HEREAS William Godbee Brown and Clifton Ash-ton Douglas, the Trustees of the Estate of William Walter Brown, late of the City of Ottawa, in the County of Carleton, gentleman, deceased, were by Act of the Province of Ontario, 1 George V. chapter 153, among other things empowered to borrow money upon certain lands mentioned in the recital of the said Statute to the extent of Fifteen thousand dollars, the money so borrowed to be used for the purposes of improving or rebuilding existing buildings or erecting new buildings upon the said lands, or for one or all of such purposes; and whereas the said Trustees have by their Petition represented that the sum of Fifteen thousand dollars is inadequate for the purposes therein mentioned, and have prayed that the said Act be amended so as to increase their borrowing powers to the extent of Sixty thousand dollars; and whereas it is expedient to grant the prayer of the said Petition. Preamble.

THEREFORE, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1.—(1) Section 2 and 3 of the Act passed in the 1st<sup>1</sup> year of the reign of His Majesty King George the fifth, chaptered 153 are amended by striking out the figures \$15,000 where they occur in those sections, and inserting in lieu thereof the figures \$60,000. <sup>1</sup> Geo. V.  
c. 153, ss.  
2 and 3,  
amended.

(2) Subject to the amendments made by subsection 1 the said Act shall remain in full force and effect.

## CHAPTER 152,

## An Act respecting the Estate of Sophia Macnab.

*Assented to 6th May, 1913.*

## Preamble.

**W**HEREAS Sophia Caroline French has by her petition set forth that one Sophia Macnab of the City of Toronto, widow, died on or about the 19th day of April, A.D. 1891, having first made and published her last will and testament as follows:—

“This is the last will and testament of me, Sophia Macnab, of the City of Toronto, widow, made this thirty-first day of December, one thousand eight hundred and ninety.

“1. I revoke all former Wills made by me.

“2. I give to my niece Mary Stewart Daly all my personal and household effects for her own absolute use.

“3. I give to the sisters of St. Joseph's convent in the City of Hamilton, Ontario, Five hundred dollars, to be used by them for charitable purposes under their management. This is to be paid to them in instalments from time to time within two or three years as my executors may think fit.

“4. I direct one hundred dollars per annum for four years to be paid to the Roman Catholic Archbishop of the Diocese of Toronto for the time being to be applied by him and his Successors in the education of a young man for the Priesthood.

“5. I give to my niece said Mary Stewart Daly all the rest and remainder of the income of my estate for and during her natural life.

“6. In case Sophia Caroline Daly, daughter of my said niece shall die, leaving no issue surviving her at the time of her death, I give the corpus of my estate to the said

Sisters

Sisters of St. Joseph in the City of Hamilton for charitable purposes under their management. This bequest to come into effect only after the death of my said niece and her said daughter.

"7. After the death of my said niece the income of my estate shall be paid during the lifetime of said Sophia Caroline Daly to such person as said Mary Stewart Daly may by writing under hand or by her last will appoint, and in default of any appointment then to the said Sophia Caroline for her own separate use free from the control of any husband she may have.

"8. Said Mary Stewart Daly shall also have power to appoint by writing under her hand or by her last will and testament to what person or persons or corporation and for what estate and interest, estates and interests, the said corpus of my estate shall go in the event of the said Sophia Caroline dying and leaving issue her surviving as aforesaid.

"9. I hereby appoint James J. Foy and John A. Worrell, both of the City of Toronto, Barristers-at-law, to be the executors and trustees of this my Will, and to them I give and devise my estate upon the trusts hereinbefore mentioned.

"In witness whereof I have hereunto set my hand and seal the day and year first written above.

"(Sgd.) SOPHIA MACNAB.

"Signed, sealed, published and declared by the said testatrix as and for her last Will and testament in the presence of us both present at the same time who, at her request in her presence and in the presence of each other have hereunto subscribed our names as witnesses."

"James J. Warren.

"L. V. McBrady."

That the said Will was duly admitted to probate and letters probate issued to James Joseph Foy and John A. Worrell therein named as executors and trustees on the eleventh day of May, A.D. 1891; that your Petitioner is the daughter of Mary Stewart Daly and is the Sophia Caroline Daly mentioned in the said Will; that your petitioner married on or about the eleventh day of April, 1898, Herbert Cumming French, of the City of Bombay in India; that by the said marriage your Petitioner

tioner has issue now living, namely, Desmond Allan French; that the said Mary Stewart Daly died on or about the nineteenth day of March, A.D. 1908, after having exercised the power of appointment conferred by the said Will in favour of your petitioner; that the said Sisters of St. Joseph, were incorporated under an Act, chaptered 167 of the Revised Statutes of Ontario, 1877, and under that Act they are entitled to hold lands in mortmain, provided the gift or devise is made at least six months before the death of the person making the same; that doubts have arisen as to the validity of the contingent remainder purporting to be given by the said Will of the said Sophia Macnab to the Sisters of St. Joseph so far as the same included moneys charged upon land; that owing to the said doubts it is impossible to deal with the estate so as to carry out the Will of the said Sophia Macnab and the appointment made by the said Mary Stewart Daly in favour of your petitioner and the estate is involved and embarrassed by reason of the inability to deal with it and it is in the interests of all the beneficiaries under the said Will that such doubts should be removed; and whereas the said Sophia Caroline French has by her said petition prayed that an Act may be passed confirming the said Will and declaring the contingent remainder therein given to the said Sisters to be good and valid.

THEREFORE, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

as to effect  
of certain  
bequest
